

2011 FALL PRODUCT PROGRAM TRAINING SCHEDULE

To provide troops with the materials, information and support they need to help girls be successful, the Fall Product Manager (FPM) for every troop participating in the 2011 Fall Product Program must complete a 2011 FPM training session. ALL program materials are distributed at completion of a training session.

First time FPMs should attend a ***NEW*** Fall Product Manager training session which will last ***approximately*** 1-1/2* hours. These sessions cover all aspects of the program and the Nut-E 2.0 data entry system.

Returning FPMs may attend an ***Experience (EXP)*** Fall Product Manager training session, which will last ***approximately*** 1/2* hour. These sessions cover only the program updates and the Nut-E 2.0 data entry system.

Online Training is available. If you are interested in this option to complete your training session, or if you have questions about any of the training options available, please contact Ginger Jelinek at 1-800-627-5940 or gjelinek@girlscoutsnebraska.org.

Combined Training sessions consist of both new and experienced FPM's in attendance and information will be covered according to those in attendance.

All session times are approximate depending on the number of attendees and questions. Please arrive a few minutes early to allow for check-in and material pick-up, and plan to stay for the *entire* session. Reservations are required for ***ALL*** training sessions to ensure space and materials are available!!! Sessions are subject to change. All *registered* troops will be notified of any changes. To register for training, **e-mail cookie@girlscoutsnebraska.org** or **call 877-447-5558 ext. 321** and provide the following information:

- ✓ The session you wish to attend
- ✓ Your name, *email address* and phone number
- ✓ Your five-digit troop number
- ✓ The name and phone number for others attending
